Process

The Embassy in Nicosia is only responsible for applicants with residence in Cyprus.

Processing time is generally three months, sometimes longer. Please apply early so that you can start your studies at the time planned.

Each application is examined carefully. As soon as a decision has been made, the applicant will be informed by the Embassy.

Please refrain from queries about your application before 3 months have passed. They delay the processing of all applications.

Fees

For the processing of the visa application a fee of 75.00 Euro applies, which is payable on the day of application. In case of the rejection of the application, this processing fee will not be reimbursed.
